Two Men Work at Each Place  
With Revolver.

Police and sheriff's deputies Thursday were investigating two robberies of Kroger stores, one at Court-st and Ohio-st, this city and the other at Williamsport. The robbery here was perpetrated at 7:20 a. m., Thursday and the one at Williamsport at 6:30 p. m., Wednesday.

The sums were not divulged by the two store managers.

Bandits who committed the robberies were armed and appeared to know just what they were doing. After a check-up it was learned that the men who robbed the store here were not the same who robbed the Williamsport store.

Frank Woodward, E. Mound-st, and his son, Paul, his clerk, had just opened their store and Paul had gone to the rear to kindle a fire. The elder man had put his change into the cash drawer and was working back of the counter when the two men entered. One asked for cigarettes and paid for them. When Mr. Woodward opened the cash register, one of the men ordered him to hold up his hands and leveled a revolver at him. The other went behind the counter, scooped up what money there was and walked out.

**POLICE CALLED**  
Woodward called Mrs. William Goeller, next door, who called the police department. Officer McCrady answered the call and called the sheriff's office. Sheriff Frank Davis answered. Both officers hurried to the south end and after hurrying up one street and down the other, no trace of the men could be found.

One of the men described was between 35 and 40 years old, weighed 160 pounds, was five feet, six or eight inches tall, wore a sandy beard, three or four days growth, wore a dark grey overcoat and a cap. The other was described as being between 20 and 23 years of age, five feet six of eight inches tall, clean shaved, weighing about 140 pounds. He wore a black coat.

**BELIEVE THREE MEN**  
It is believed that there were three men in the gang, for Ed. Goldsberry, an employ of the Harden-Stevenson garage, was walking to work and noticed a large automobile drive up to the curbing in front of the store. It paused a moment then made the turn into E. Ohio-st. Goldsberry said he thought nothing of it and walked on. Three men were in the car he saw. After turning the corner at Ohio-st, it is thought the two robbers got out of the car and the driver went to the first alley. The men then walked back and Mrs. William Goeller said she saw them standing at the side of the building. She did not see the car.

## SPECIAL VENIRE OF JURORS SUMMONED TO COURT

### Plans Finished For Decorating Lighting Prizes

A Chamber of Commerce committee has been busy the past week getting prizes arranged for the Home Lighting and Decorating contest and the Business House Lighting and Decorating contest. And folks you certainly want to get busy and make plans for entering to share in the wonderful awards that will be offered.

**\$50 GOLD FIRST PRIZE**  
The first prize in this year's house lighting and decorating contest will be a cash award of \$50, given by the Southern Ohio electric Co. The first prize for the merchants Lighting and decorating Contest will be a silver Loving Cup.

The other prizes will be announced at a later date.

Now about the contest and what is necessary. Every resident of Circleville and every merchant is eligible to enter, as this contest pertains to the lighting and decorating of homes and business houses. There is no entrance fee. The first question you may ask is "What must I do to decorate my home or display window or building?" is answered only by you as no rules will be made governing what decoration shall be used. The idea of the contest is to make Circleville even more attractive than it was when the first contest was held last year.

**LIGHT SETS FREE**  
As an inducement to early entries, the first ten entrants will be given a set of tree lights free. This means that the first 10 people who send in their entry blanks or phone Mack Parrett Jr. will have a start on the decoration plan with a set of tree lights.

**ENTRIES WORTH WHILE**  
The cash and merchandise are quite worth while and it is the desire of the committee to get everybody interested in this contest and to show everybody how Circleville can be made an attractive town to visit during the holidays.

It isn't necessary to get your decorating and lighting ready before you enter the contest. Just Phone Mack Parrett, Jr., at No. 7 or 303 or mail in the application blank, found elsewhere in this issue. This is necessary so that the committee will know which homes are to be judged. Last year there were a number of homes beautifully decorated and did not enter in the contest. Had they done so a prize would have been theirs.

The judging will be done by non-resident, non-interested persons who are capable of judging just this type of lighting and decorating so that the entrants can be assured of being properly rewarded for their efforts.

### LINDBERGH MARK PASSED BY GIRL

NEW YORK, Dec. 11.—Delighted at her feat in establishing a new transcontinental record for women, Ruth Nichols, New York society girl, today began a month's rest from flying.

Miss Nichols arrived here yesterday in flying time from Los Angeles of 13 hours and 22 minutes, more than one hour faster than the time of Colonel Charles H. Lindbergh in his flight last April. Her record was within two hours of the speed dash of Captain Frank M. Hawks.

The total time of Miss Nichols flight was 29 hours, one minute and 43 seconds. She spent the night in Wichita, Kan. Lindbergh's elapsed time was 14 hours and 45 minutes and Hawks' 12 hours and 25 minutes.

### BANKER TAKES HIS OWN LIFE

William C. Willard, Columbus, Vice President of Huntington National Bank Dies.

COLUMBUS, O., Dec. 11.—Shooting himself in the head with a .38-calibre revolver, William C. Willard, vice president of the Huntington National Bank and vice-president and treasurer of the Columbus Savings bank, committed suicide in a bathroom of the Columbus Athletic Club here today.

His health was believed to have been responsible for the banker's act. He had been in ill health for several years, it was said.

The body of the banker was found on the fourth floor of the Athletic Club in a bathroom off the swimming pool by Mercer Jones, a negro porter, and C. H. Hoge, a masseur, from whom Willard had been taking treatments for the last three years.

Death was instantaneous, according to police who were immediately called to the athletic club.

The body of the banker was removed to an undertaking establishment where it was to be viewed this afternoon by Coroner John Murphy.

Police who immediately assumed charge of an investigation into the man's death, said that Willard apparently took his life around ten o'clock.

The banker, who was prominent in both city and state banking circles, was 35.

Willard had been ill for some time, according to officials of the Huntington institution. He had been at his desk daily, however, despite his failing health, it was said.

### GIVE TREATMENT FOR DOG BITES

### 1930 CROP NOT FAILURE

U. S. Bureau of Economics Says Price Level Should Be Higher.

WASHINGTON, Dec. 11.—The 1930 crop season stands out as a paradox, the bureau of agricultural economics said today in its monthly report on the agricultural situation.

While it was the worst drought year in a generation, it was far from a crop failure, the bureau found.

"The total crop output is below average, yet the public mind is filled with the thought of surpluses," the report said. "The supply situation would seem to justify a price level higher than last year, yet prices are the lowest in several years. There are, of course, reasons for this contradictory state of affairs, but the central fact remains that 1930 will be remembered by most farmers as a year the weather, the crops and the markets all seemed to turn to their disadvantage."

The report showed that composite production of the principal crops this season was six percent less than last year and 5 percent less than the previous 10-year average.

### BANK EMPLOYEES TO GET BONUSES

CINCINNATI, O., Dec. 11.—A bonus of five percent on salaries of all employees of the Central Trust Company today was passed by the directors of the institution. The regular quarterly dividend of \$3 on capital stock, payable Jan. 1, to stockholders of record Dec. 20 was declared.

### BANKS MERGE

CINCINNATI, O., Dec. 11.—Merger of the Citizens Bank and Trust Company and the Central Savings bank and trust company here was announced today by officials of the two institutions.

### STARTS SCHOOL

Mrs. Paul Reid of E. Mound-st will start a Kindergarten for children between the ages of four and six years, beginning Jan. 5.

### Work Is Begun On Decoration Of Court, Main

Work was begun in earnest on the Christmas decorations at the corner of Court and Main-sts Thursday and before night the committee hopes to have everything in readiness for lighting.

This decorating is sponsored by the Chamber of Commerce committee of which R. L. Brehmer is chairman. The utilities in Circleville co-operating with the Chamber of Commerce are responsible for adding the touch of yuletide beauty to this corner. The Ohio Fuel Gas Co., George Foerst, manager and the Ohio Water Service Co., H. B. Denman, manager have made a cash donation to help defray the expense of the material needed for this decoration. The Southern Ohio Electric Co., Charles T. Gilmore, manager, and the Citizens' Telephone Co., Earl W. Lutz, manager, are having their employees install the wiring and decorations and the Southern Ohio Electric Co. will also furnish the current.

To give an idea of the material that will be used in the decorations this year, over 1,100 feet of Laurel roping, received from South Carolina, will be used on the wares that cross from each corner. This will be lighted with over 300 electric bulbs, of Blue, Yellow, Green and Red. Four stars will be placed in the center, each facing one street.

This decoration promises to surpass in beauty the one placed at this corner last year and after the people of Circleville see what a little work does to add to the Christmas spirit, they are certain to thank these utilities for their cooperation with the Chamber of Commerce for the part each has played in this work.

### HARMONY AT DEM. CAUCUS

Either of Candidates is Suitable to Democratic Governor-Elect.

COLUMBUS, O., Dec. 11.—Representative J. F. Bittinger of Ashland, and W. M. Goodwin of Butler-co, appeared to be the favored candidates for the minority house leadership as the Democratic members of the Ohio House of Representatives prepared to caucus here this afternoon.

Both Representatives are serving their second terms and both are said to have the blessings of Gov. George White of Marietta, and Harry Brunner of Mansfield, state party chairman.

"Either Representative Bittinger or Representative Goodwin will be acceptable to the party leaders," Brunner stated today. He declared that no influence was being exerted whatever in the organization.

A point in favor of Bittinger's selection, according to political observers, was that Goodwin's county already has a minority leader in the Senate, David H. Dearnond, Butler-co.

Representative George W. McBride of Port Clinton, ranking member of the minority group, will preside at the caucus session. The confab will be held in the hall of the House of Representatives where two days ago, the 70 Republican members nominated Representative Arthur Hamilton of Lebanon, for the majority floor leader and speaker position.

### PUBLIC WORKS MEASURE NOW IS UNDER FIRE

All Pretense of Harmony Is Abandoned as Insurgents Go After Relief Bill.

#### HOOVER CENTER

Amendment to Employ Local Labor Urged.

WASHINGTON, Dec. 11.—All signs of harmony between the White House and Congress having vanished, the old Democratic-Insurgent coalition of the senate today opened fire on President Hoover's first relief measure, a \$110,000,000 appropriation for speeding construction of public works.

The coalition assailed the President for representing the bill as a direct appropriation from the treasury for relief of unemployment in the states. Its leaders pointed out that \$80,000,000 of the fund would be merely "loaned," repaid by reductions of future allotments, and made available only if states furnished like sums. Both Insurgents and Democrats characterized it as a "futile gesture toward relief."

#### RAP HOOVER POWER

The alliance also centered fire on a provision giving the president power to interchange the appropriations named from one use to another. This was termed a "jump sum" authorization and the coalition hoped to strike it from the bill.

"I didn't know there was such a provision in the bill," said Sen. Robinson, of Arkansas, Democratic floor leader. "I shall certainly call it to senate's attention."

As it passed the House, the bill would advance \$80,000,000 of highway funds to the states, making each state accepting a part of it, take a reduction from funds already allotted for the next five years. An effort to set aside the existing law, compelling each state to match the government's funds, was defeated.

Other provisions included \$22,500,000 for river and harbor improvements already authorized for the fiscal year starting next July 1; \$3,000,000 for flood control under like conditions; \$3,000,000 for improvements of national forests, and \$1,500,000 for forest roads and trails.

#### LOCAL LABOR

The pending question was an amendment by Senator Couzens (R) of Michigan, to compel employment of local labor on all projects and to guarantee the highest local wage scale to employees on the federal projects. The administration opposed these two provisions unofficially but there seemed a tendency in the senate to write them into the bill.

Provision of the "jump sum," aroused considerable opposition. It would give Mr. Hoover power to "interchange" expenditures on all the projects named in the bill. Without recourse to congress, he could transfer the \$80,000,000, allotted for roads, to river and harbor improvement or use the latter fund for forest trails. This provision may be eliminated.

### WHITE PROMISES TO BE GOVERNOR

COLUMBUS, O., Dec. 11.—I shall NOT be an absentee governor. I shall NOT be a governor by proxy. I shall be a governor of, and for all of, the people of Ohio. ### "QUASH" PLEAS OVERRULED IN STEWART CASE

Judge Adkins Turns Down Four Attempts to Null Two-count Indictment

#### CROWD PRESENT

State, Defense Exhaust Supply of Petit Jurors.

A special venire of 15 prospective jurors was called at noon on Thursday by Clerk of Courts Judge M. Pickens, when the group of petit jurors for the case of the state of Ohio against Donna Stewart, Deercreek-twp, was exhausted. Court was resumed at 1 p. m., when efforts to complete the jury to start the case were made.

The case opened in court at 9 a. m., with C. A. Leist, attorney for Mrs. Stewart, charged with burglary and larceny and concealing stolen property from the cottage of Judge and Mrs. Peter Blomer, Chillicothe, filing four motions before the court, all of which were overruled by Judge Joseph W. Adkins, sitting in the case.

The first motion was leave to withdraw the plea of not guilty and to file a motion to quash the indictment and if this is refused to demur. The second was to quash the indictment because of misjoinder of separate distinct causes of action; the third was to have the court name under which part of the double indictment the pleas should be tried and the fourth, that the indictment be quashed because the prosecuting attorney in the jury room during the deliberations of the grand jury.

The fourth was overruled following the other three when Judge Adkins stated that he did not remember whether he was in the room or not.

Judge and Mrs. Blomer were in the room during the session, as were many spectators. The case against Mrs. Stewart has drawn much interest since five other arrests have been made in connection with a series of alleged cottage robberies throughout this and adjoining counties. Trials of the other five will follow that of Mrs. Stewart.

#### STATE FILES SUIT

Robert N. Waid, director of highways, has filed an appropriation proceedings for an easement of land, in probate court against property owners in Mühlenberg-twp where construction and improvement on I. C. H. number 248 of a bridge will be made.

An offer was made to the property owners by the state department of highways, but it was rejected, and since it is necessary for the public welfare and convenience, it is necessary to appropriate easement for the necessary right-of-way.

# BASEBALL SPLIT INTO TWO FACTIONS, MAJORS, MINORS

NEW YORK, Dec. 12.—Baseball, America's national pastime, was definitely split today into two warring factions.

A "war" involving the most important leagues in the country, has been declared. On the one side are arrayed the two powerful major leagues—the National and the American—and on the other are the five "big minors," namely the American Association, the International League, the Pacific Coast League, the Western League and the Three Eye League.

It is a mighty battle of dollars, all over what is technically known as the universal draft, and before it is over one side or the other conceivably may lose thousands of dollars, if not millions.

The little fellows—the Minors—Departed for their homes this morning threatening to form an alliance that in effect would constitute the creation of a third major league.

Now that they have split, both sides are very bitter against each other. They could not reach an agreement on this controversial problem which so vitally affects their pocketbooks but which certainly will stir no tremendous emotions among the bleacher customers. What the fans wanted to read about was news of trades and this draft business put an end to the inter-league transactions.

Yet there were a couple of deals. "Chief" Bender, the old Indian pitcher with the Philadelphia Athletics was signed by Manager John J. McGraw of the New York Giants as a coach of pitchers. The Toronto club of the International League traded Fred Bedore to the Columbus Club of the American Association for Johnny Morehart. Both are second basemen.

The "war" between Majors and Minors was somewhat of a surprise. Belief had been general that peace was near. However a committee of nine representing the five non-draft leagues met with the Majors who were in joint session and, after a long and acrimonious discussion, the big fellows said to them, "We can't accept your terms," and the "war" was on.

Charles H. Strub, president of the San Francisco club, and spokesman of the Minors, was quite indignant after the meeting as were all the others on his committee.

"We feel that the break means the creation of a new major league," Strub told newspapermen.

Strub explained that the five important Minor leagues that split with the Majors represent important cities from coast to coast; that top notch ball players will be just as accessible to them as to the Majors, if not more so, and that in two or three years the players in the "big Minors" will actually be "big leaguers"—just as capable in every respect as those playing in the National and American leagues.

He declared that he hoped the Majors would recognize this condition and "give us world series competition."

When all hope of peace had disappeared, the Minors offered to put the entire situation in the hands of Kenesaw M. Landis, high commissioner of baseball. The Majors objected to this procedure and Landis, according to the little fellows, spoke up and said that inas-

## HAIL THE CONQUERORS COME!

What's this, a flashback to the Armistice Day celebration? Wrong? It is merely a sample of the enthusiasm of thousands of football fans that expressed itself in roars of greeting and showers of ticker tape as Knute Rockne and his men of steel returned from California where the Notre Dame team defeated Southern California. The scene is La Salle-st., Chicago, and shows the Notre Dame football stars in cars a few minutes after they arrived from the coast Wednesday morning.

much as both sides were far apart in the draft question he did not believe his good offices would result in any good. Therefore, he declined to take over the problem.

Ernest S. Barnard, president of the American league, whom the minors said was the spokesman for the Majors and whose attitude they described as "arrogant," was unruffled today over the break-up of negotiations.

Asked by International news service if he had any regrets of the split in the baseball family, Barnard replied:

"None whatever."

Barnard admitted he may have been somewhat "dictatorial" adding: "I had to be—you can't negotiate with them; we have tried for years and got nowhere."

## PACKERS AT PORTSMOUTH

Green Bay Champions, Led By Lewellyn, Play Spartans Sunday.

PORTSMOUTH, Dec. 12.—The Green Bay Packers, Green Bay, Wis., national champions of professional football in 1929 will appear at Portsmouth on Sunday afternoon December 14, for their game with the Spartans.

The Packers, now leading the National Pro Football League are coming to Portsmouth to play, with everything to lose and nothing to gain. A defeat administered by the Spartans will displace them from their position as league leaders and will automatically award the national championship to the New York Giants.

Spartan fans are pulling for a victory over the national champions, feeling that the first season of the Spartans in the League will be a success if this is accomplished. The Purple Herd showed unexpected strength and coordination last Sunday while defeating the Minneapolis Redskins 42 to 0. The Packers, although classed as the greatest football team ever developed, proved to be only human in their game with Red Grange's Chicago Bears, when they were submerged to the tune of 21 to 0.

The Packers have a trio of All-American professional team selections in Mick Michalske, guard who has been selected for the last four years running, a Penn state product; "Lavvie" Dilweg, All-American college star from Marquette and Verne Lewellyn, halfback of Nebraska, who is the greatest punter in the professional football game today.

Of Green Bay's recent recruits, Red Slight, great tackle and All-American last fall from Purdue is probably the best known. Slight is teamed with Cal Hubbard, the 250 pound mammoth from Geneva, who is quite well known for his work as a professional baseball pitcher.

Willis Glasgow, Portsmouth's All-American backfield ace from Iowa will be in prime condition for the Green Bay tilt having been given a rest in the Minneapolis game. Father Lumpkin, "The Rambling Wreck from Georgia Tech," the greatest blocker in the National League is raring to go and the big Southern lad is predicting a victory for the Spartans.

Coach Harold Griffen has been working his charges on press of defense and defense as he feels that a minor portion of Sunday's game will be played in the air.

The game will be called 2 p.

*Fine-car distinction and quality in the new Chevrolet Six*

Again, Chevrolet and General Motors have utilized their combined resources to establish a new and higher standard of value for the American motor car.

A new six-cylinder Chevrolet is now on display, offering fine-car distinction and quality certain to appeal to every discriminating buyer. For the new Chevrolet represents a type of economical transportation that America has long anticipated—a low-priced six styled with such striking talent and good taste, so smartly beautiful and complete in its perfection of detail, so advanced and refined mechanically that you will immediately recognize it as the Great American Value.

This great value is the outcome of four basic Chevrolet advantages: (1) The savings of volume production in nineteen great modern plants. (2) The economies which result when raw

materials are purchased in vast quantities. (3) The benefits of continuous research in General Motors laboratories and on the General Motors Proving Ground. And (4) the close association with the Fisher Body Corporation who, this year, have surpassed all their previous achievements in coachcraft by developing bodies of outstanding quality, refinement and value.

These basic advantages have made it possible to build a finer car at lower cost. They have enabled Chevrolet to offer important improvements throughout the new Chevrolet Six—to give it a longer wheelbase—greater roominess and comfort—strikingly smarter style—impressive new luxury—more thoroughly satisfactory performance—greater dependability—and to pass on these savings of efficient manufacturing to the Chevrolet buyer in the form of low prices!

# COUNTY GOVERNMENT REFORM IS TO BE SUBJECT OF MEETING

COLUMBUS, OHIO.—Reform of county government would be provided by a constitutional amendment, the tentative draft of which will be considered by a state-wide conference to be held in the ballroom of the Deshler-Wallick Hotel, Columbus, at 1 o'clock Friday, Dec. 19, according to an announcement just made by the Ohio Chamber of Commerce, which is issuing the call.

Alternative forms of county government are provided for in the amendment which, however, cannot become operative in any county until submitted to the electors thereof and approved by a majority of those voting thereon, under regulations to be established by general law. Any county may become a charter county by farming and adopting a charter in the manner provided for in the amendment. The charter county would be a body politic and corporate, with all of the powers and duties vested by the constitution and laws of Ohio in counties and county officers and in municipalities. Such charter counties, however, would not have authority within any municipality or any township

to exercise any power not possessed by virtue of general law relating to counties and county officers, unless the municipalities of townships concerned shall have given assent to such exercise.

**ASSEMBLY TO ACT**

The general Assembly shall prescribe by general law the mode by which assent may be given, but such mode shall not be applicable in the case of any municipality which, by its charter, prescribes another mode or modes. The rights of initiative and referendum shall be secured to the people in respect to every measure giving such assent. County charters shall provide the form of government of the county, determine what officers shall be elected therein, and then shall provide for the exercise by the county of all powers and for the discharge by it of all duties appertaining by law to counties and county officers.

The amendment provides for the method by which a proposal may be submitted to the people, which, if favored by the people, would result in the setting up of a county charter commission to draft a county charter.

Somewhat different provisions are made for any county having as many as 1,000,000 inhabitants, which provision at the present time applies to Cuyahoga county alone. A charter for Cuyahoga county may provide for organization as a municipal corporation under an appropriate designation, and for the exercise throughout its limits, either exclusively or concurrently, of all or of any designated powers vested by the constitution and laws of Ohio in the cities, villages or rural municipalities. However, no charter or amendment thereto, including provision for the organization of such county as a municipal corporation, or for the exercise by such county of any such powers, can be adopted unless approved by a majority of those voting thereon; (1) in any city which has 60 percent of the inhabitants of the county; (2) in the county outside of such city; and (3) in each of a majority of the combined total of municipalities and townships in such county (not including within any township any part of its area lying within a city or village.) Not more than six residents of any one municipality or township in any such county shall be elected to the charter commission thereof.

**UNIQUE FEATURE**

The proposed charter contains another unique feature in that under its provisions rural municipalities may be formed. The General Assembly, under the provisions of the amendment shall define the powers which may be exercised by such rural municipality. Such law shall provide one or more plans of government optional with rural municipalities, and the manner in which a rural municipality may frame and adopt or amend its own plan of government in lieu of any statutory plan.

The County Government Conference of December 19 may accept, amend or reject the amendment submitted to it.

The proposed amendment, if approved by the conference, and if introduced any approved by the 89th General Assembly and the electors of Ohio on the third day of November, 1931, would repeal Article X and would adopt in its stead ten new sections as Article X.

The Drafting Committee which formulated the proposed amendment was appointed by Walter F. Kirk, Master of the Ohio State Grange and Chairman of the County, Local and School Government Committee of the Ohio Chamber of Commerce, by authority of a state-wide county conference held in Columbus on May 22, 1930. The members of the Drafting Committee are: Hon. Allan G. Aigler, Bellevue; C. Vivian Anderson, Cincinnati; Hon. Ray E. Ascham, Findlay; Leyton E. Carter, Cleveland; Karl S. Dixon, Columbus, Secretary of the Conference; C. A. Dyer, Columbus; W. A. Greenlund, Cleveland; D. S. Humphreys, Cleveland; R. G. Atkinson, Columbus; Hon. John M. Killits, Toledo; Dr. S. Gale Lowrie, Cincinnati; D. W. Maxon, Akron; Charles P. Taft II, Cincinnati; H. W. Troop, Westerville; Hon. Edward C. Turner, Columbus; Edward C. Wells, Dayton; Joseph I. Williams, Columbus; Isador Grossman, Cleveland; Emmett L. Bennett, Cincinnati; John B. Blandford, Jr., Cincinnati; H. G. McGee, Akron; and Mr. Kirk, Port Clinton, Chairman.

## A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

# SETH GORDON NAMED HEAD OF U. S. GAME ASSOCIATIONS

NEW YORK, Dec. 12.—The board of directors of the American Game Protective Association announced today that Seth Gordon, nationally known conservation director of the Izaak Walton League of America, has accepted the presidency of their association and will assume his new duties on Jan. 1.

Mr. Gordon succeeds the late Carlos Avery, who died suddenly on Oct. 5, and is considered by the board to be exceptionally fitted to carry on and enlarge the far-sighted game conservation program developed by the association under Mr. Avery.

Mr. Gordon is known throughout the country for his work in conservation, having given 20 years to the fostering of interest

tion director of the Izaak Walton League.

Mr. Gordon's work in Pennsylvania was largely responsible for the shaping of the broad policies which have made Pennsylvania a model for other states in conservation matters. He had a leading part in the establishment of a state-wide system of refuges and public hunting grounds, stocking of game in large quantities, intensive winter game feeding, and sensible but strict enforcement of the game laws.

In the past four and a half years he has had a leading part in the development and execution of the conservation program of the Izaak Walton League.

This work has taken him into nearly every state in the union, and has included the inspection of conditions in nearly every major hunting and fishing area. An ardent sportsman in practice as well as theory, he has fished and hunted in most of the areas visited.

Mr. Gordon has handled many of the Izaak Walton League's national legislative program before Congress, and is well known to the members of that body.

"We are very proud of Seth Gordon over in Pennsylvania. We feel that he is our boy, and then we lost him to the Izaak Walton League where he has distinguished himself in the national conservation field," said Ross L. Leffler, president of the Pennsylvania Game Commission and Chairman of the 17th Game Conference recently in New York. "He was in charge of our work during the formative years of our nationally recognized conservation program. He is one of the really outstanding conservationists of the country," Mr. Leffler concluded.

"The American Game Protective Association is the foremost game conservation organization in this country. Seth Gordon can rightly be called the foremost individual engaged in this work. He, therefore, is the logical man for president of the association. No one is better suited to fill the office left vacant by the untimely death of Charles Avery. His years of experience as Executive Secretary of the Pennsylvania Game Commission backed by the knowledge he has gained as Conservation Director of the Izaak Walton League, fit him well for the task ahead," Ray Holland, editor of Field and Stream Magazine, said.

In accepting the presidency of the American Game Protective Association, Mr. Gordon told the board that he looked forward to this new work in the belief that it afforded an unequalled opportunity for the advancement of national conservation.

"The future of conservation lies wholly in a more extensive education program, to mold public sentiment and to arouse the people of the country to need of such work. The American Game Protective Association, the oldest and most influential national game restoration organization in America's wild life resources is one of the most important problems confronting the American people to-

day. We are essentially a pioneer, outdoor people. Much of our outstanding progress as a nation is due to the character and virility we have developed through close association with nature. We must continue the opportunities to develop these essential qualities."

## FIGHT HOOVER'S POWER CHOICES

WASHINGTON. — President Hoover's new federal power commission will get anything but clear sailing through the Senate, it was indicated today as the Senate interstate commerce committee met to question the nominees upon their qualifications.

The principal drive of the Democrats will be against Frank R. Monahan, of Charlotte, N. C., "Hoover man" in that state, and Marcel Garsaud, former manager of the port of New Orleans. The latter has aroused the opposition of Governor Huey Long, of Louisiana, and others.

Some opposition may develop against George Otis Smith, for many years head of the geological survey. The President nominated Smith to be chairman.

No opposition has developed against Ralph W. Williamson, of Yakima, Wash., or Claude L. Draper, of Cheyenne, Wyo. Several delegates to the rivers and harbors Congress here from Louisiana, are expected to protest against Garsaud. Long sent protesting telegrams which will be laid before the committee.

## Anniversary Of Von Bora Pretty Affair

One of the loveliest affairs of the Christmas season was the celebration of the 20th anniversary of the Von Bora Society of the Trinity Lutheran Church, Wednesday evening in the Parish Hall. The room and tables were decorated in red and green, the tables having as their center pieces red carnations and burning tapers. A beautifully decorated Christmas tree was placed in the center of the room.

Sixteen charter members were present among the sixty, who were served with a delicious dinner at 6:30 by the losing side of the contest that had been in progress for some time. Miss Katherine Weiser was responsible, together with her helpers, for the lovely dinner. Mrs. James Stout was chairman of the losing side.

A very interesting as well as humorous program was given after the dinner, which was sponsored by the winners of the contest, Mrs. William Fitzpatrick, being chairman, also acted as Toastmistress of the evening. A few remarks were made by Dr. Troutman on who was responsible for carrying on this society; he named them as Miss Starter, Miss Faithful Attendant, Miss Regular and Miss Christian. Two whistling solos, "Bird

on the Wing" and "A Moonlight Barkarole" were given by Miss Mildred Barthelmas; who was accompanied by Miss Mary Heffner. A history of the Von Bora was given by Miss Minnie Mason, who was the first president of the society. A short talk was also given by the organizer, Miss Anna Merz, who is now living in Columbus.

This was followed by two vocal solo "Give Yourself a Pat on the Back" and "Around the Corner," which were very cleverly sung and acted out by Caroline Herrmann, daughter of Mr. and Mrs. Karl Herrmann. She was accompanied on the piano by her mother.

A very interesting reading "Keeping Christmas" by Henry Van Dyke, given by Mrs. James Carpenter, was followed by tongue twisters and song contests which furnished much amusement for the guests and brought the pleasant evening to a close, Miss Evelyn Stein being in charge of the contests.

(Continued From Page One.) McCrady that she saw the lights of a big automobile parked in the alley by her residence shortly before the holdup occurred. She thought nothing of it at the time. A Mrs. Hickey told McCrady that she saw a parked car when she arose from her bed to get her husband's breakfast before going to work at the strawboard. It is thought by officers that the men were waiting for the store to open.

## Over 15,000 Request Same License Tags

COLUMBUS, O.—More than 15,000 requests for special license tag numbers have been received by the Motor Vehicle Bureau according to Secretary of State Clarence J. Brown.

The majority of the requests are for renewal of last year's numbers, Commissioner of Motor Vehicles Chalmers R. Wilson says. However there are requests for numbers that will match the telephone number or the house number of the applicant. Many persons just ask for low numbers, others want numbers in sequence.

Apparently superstition does not affect the auto owner for hundreds of requests have been made for number 13. Walter Baker, of Cleveland, has been re-assigned that number. B-13 goes to D. Z. Norton, of Cleveland; C-13 to J. F. Kimmeling, of Cleveland and D-13 to Judge Homer Raney of Toledo.

Mrs. J. A. House of Cleveland, gets plate number 1 for 1931, the smallest number and David Davies, of Toledo gets 1-000-000, the only seven numeral plate in the state.

A-1 has been assigned to Mrs. G. C. Peckham, Cleveland; E-1 to D. C. Brower of Dayton; E-1 to Major McCracken, Lancaster and H-1 to Walter Brown of Toledo.

Plate number 2 goes to S. J. McCulley, Cambridge; No. 3 to Charles Fisher, Wilmington; No. 4 to Clarence J. Brown and No. 5 to former Governor Vic Donahey. Other low number holders are: Thad Brown, No. 6; Carmi Thompson, No. 7; L. D. Hendley, Caldwell, No. 8; L. J. Heiner, Rutland, No. 9; while Nathan Cook, Cleveland, requested renewal of his "natural" No. 11.

Walter Baker, Cleveland has been assigned 12, A. C. Russi, Columbus gets 123; Miss Mabel Watts, East Cleveland 1-234 and E. R. Bainter, Zanesville, 12-345.

## RAILROAD PLANS TO MOVE SHOP

BUCCYRUS, O.—Recommendation that the city of Bucyrus should "stand pat" on the terms of a deed stipulating that in event the New York Central Railroad Company ever moves its shops out of this city all its land, buildings, equipment and machinery here shall revert to the city, was before Bucyrus officials today.

The recommendation was made by the local Rotary Club as a result of the railroad company's announced intention of moving its shops to Collinwood and request of city council to name a price it will take for surrender of the reversion clause in the deed.

Earl Leonard, president of the Bucyrus Chamber of Commerce, has announced that an industrial expert has been sent by the organization to inspect the Collinwood shops and that a similar inspection will be made of the local shops to check railroad officials' claims that Collinwood is better equipped than Bucyrus.

LA PAZ, Bolivia.—A financial crisis has arisen here over the low prices on tin, which is the chief product and resource of Bolivia. A group of banking experts has been commissioned to go to New York to negotiate debt adjustments to alleviate the crisis.

## Annual Dinner Held For Vets Of Civil War

Sixty of the Daughters of the Union Veterans of the Civil War, Katherine Wolfley Hedges, Trust No. 101 attended the annual dinner given in the army room at the Memorial Hall Thursday in honor of the few remaining veterans of the Civil War, their wives, sons of the veterans and members of the relief corps. During the few hours spent with the aged ones, there was a spirit of love, devotion and reverence prevailing.

After the guests and members had assembled around the tables, decorated to suggest the thought of patriotism, and Christmas, Mrs. May Tolbert gave a very touching prayer that made them feel more keenly their duties and love toward those who so gallantly defended our country's flag. All joined in singing "America". The bright sunshine streaming through the windows adorned with beautiful flowers, made each one present feel that they were really in the midst of a perfect day.

A very efficient committee, Mrs. E. S. Neuding, Mrs. Robert Gearhart, Mrs. Edith Shanton, Mrs. Bertha Wertman, Miss Ada Hammet, Mrs. Lucy B. Price, Mrs. Flora Palm and Mrs. Annette Miller had prepared a feast that all enjoyed.

The dining room committee consisting of Mrs. May Tolbert, chairman, Mrs. Myrtle Trimmer and Misses Laura and Emma Ma-

der put forth every effort to make the dining room a place of cheer. Flowers adorned the front of the room, and the tables were beautiful with miniature Christmas trees and poinsettia, small flags were the favors and red, white and blue table runners gave a touch of patriotism. Each veteran was presented with a large yellow chrysanthemum, a gift from Mrs. E. S. Neuding. All departed hoping to have the opportunity to attend another of the Daughters annual dinners.

Guests included George W. Trimmer, William Warner, James Graham, Isaac Groves, W. H. Hudson, W. A. Rife, L. W. Miller, Mrs. Kindler, Mrs. McCrady, Mrs. Wilson, Mrs. Peters, Mrs. Fricke, Mrs. Groves, Mrs. Crissinger and Mrs. Fitzpatrick. DELAWARE, O., Dec. 12.—E. Barnhill, 715 N. Court-st., Circleville will take part in the presentation of Handel's "Messiah" which is to be given in Gray chapel at Ohio Wesleyan university Sunday evening, Dec. 14, under the direction of Prof. G. Raymond Hicks, head of the school of music. Barnhill is a member of the chorus.

Miss Gertrude Hicks, Marquette, Mich., has been secured as the contralto soloist and Walter H. Kidder, Boston, Mass., as the baritone soloist for the contralto. Miss Angelina Kelley, assistant professor of music at Ohio Wesleyan, will have the leading soprano role and Paul H. Lawless, also an assistant professor of music, will be the tenor soloist.

A chorus of more than 250 voices composed of members of the Singers' club, the Men's Glee club and townspeople has been trained under the direction of Prof. Hicks. The university orchestra conducted by A. H. Elliott, assistant professor of music, will accompany the chorus and soloist and will play several selections.

"The Messiah" is a musical production of choral, vocal and orchestral numbers which depict incidents and phases in the life of Christ. No movement or action is used by the singers to carry on the theme of the composition. This is the second annual presentation of the oratorio at the university.

## DANGERS OF HOLIDAY BOOZE CITED BY FEDERAL REPORTS

WASHINGTON.—Unusual precautions should be taken during the Christmas and New Year's holiday "drinking" season to avoid poison liquors, the government warned today.

Prohibition officials declared there has been an increasing number of poison liquor deaths in the past few months and that apparently a great quantity of carelessly made whiskey and alcohol is on the market.

Some unscrupulous bootleggers are not hesitating to use some wood alcohol in their concoctions and there is still some distribution of "Jake" or poisonous Jamaica ginger preparations, in many parts of the country.

Less care is taken during the big demand of the holiday season hooch, both in distilling moonshine from corn, rye and other products, and in the redistillation of government denature alcohol.

A number of deaths usually occur in the holiday season from excessive use of alcoholics as well as from drinks that are actually poison, according to officials.

While Dr. James M. Doran, chief of the industrial alcohol bureau, disclosed that a new petroleum product of non-poisonous character known as alcotate had been discovered that would be used as a substitute for wood alcohol in denaturing the industrial product, there will still be a large quantity of anti-freeze and other completely denatured alcohols containing four per cent wood alcohol on the market during the holidays.

This stuff is being consumed "as is" by some drinkers. The completely denatured alcohols also carrying a quantity of aldehyde, a thick vile smelling petroleum derivative, are not immediately deadly but continued use means blindness and probably death.

LA PLATE, Argentina.—The province of Buenos Aires, which includes the capital, has a total population of 4,092,042, which is almost double the 1914 estimate. According to the new census, the density of population is 5.21 to the square mile.

ROME.—The Italian government has denied that a naval accord was reached with France at Geneva, although it was admitted that progress has been made. It was reiterated that concessions previously demanded by Italy continue in force.

## PICKAWAY-TWP SCHOOL NOTES

Next week we shall publish our third honor and some of the high scores on our Every Pupil Test. Watch for this information. See who ranks highest in our classes.

Most of our teachers are planning to attend the county meeting at Circleville Saturday morning. Our next meeting will probably be held in the new Jackson building in January or February.

Friday will be seal day in our school. Our pupils will buy several seals and thus contribute their bit in the fight against tuberculosis. This is a fight in behalf of humanity, and every person should help. Buy at least a few: buy several if you can.

Be sure to hear Dena Vivian at Emmitt Chapel Sunday morning. This is a rare opportunity for the people of Pickaway - twp; and the building should be filled to overflowing.

The Reverend Stump, pastor of Kingston, Salem, and Tarrion churches in this neighborhood, conducted the devotional part of our assembly program Monday morning. His talk was interesting, inspiring and instructive. We look forward to having him back again early next year (Jan. or Feb.). On this same program we were delightfully entertained by the 3rd and 10th grades. The 3rd grade rendered some concert poems and a song. Franklin Blagg presided and introduced the sophomore numbers as follows: Piano solos, Helen Rhoads, essay; Marshall Spangler; song, Virginia Anderson, Edric Francis, Evelyn Hampshire, Mar-

tha Riggins, Edgar Harrell, and Paul Wilson.

The mechanics of our shops class are setting our new steel lockers for our shower rooms. Twenty lockers will be provided for each group, and will supply a long felt need in our athletic and physical education department.

It was our pleasure to assist in the dedication of the new Jackson gym last Friday night. They were perfect hosts in that they permitted us to have a better time than they had. Our teams really meant to let them win those games but in the excitement of the contests the originals intentions were forgotten. Result: Our teams won Girls, 20-11; boys, 47-19. However, Jackson did take the first game played on the new court when their reserves defeated our reserves 11-8. The Jackson people made us welcome, and we had a very pleasant evening.

Ashville plays here this week. We welcome them to our court and hope they have a good time, but we are selfish enough to want to win the games. Metzgar of Columbus will referee.

Our girls scout troop is developing rapidly and doing a nice piece of work. Their efforts during December are directed towards making several children happy at Christmas time. Mrs. O. C. Meyer is scout captain.

A boy scout troop will probably be organized early in 1931.
